THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE AND INDUSTRY (SHRI E.V.K.S. ELANGOVAN); (a) to (b) It has been decided to have negotiations for a Free Trade Agreement (FTA) with the Gulf Cooperation Council (GCC) comprising the member countries of Bahrain, Kuwait, Oman, Qatar, Saudi Arabia and UAE with the aim of promoting bilateral trade and to provide impetus to general economic activity

New industrial policy in Gujarat

2367. PROF. ALKA BALRAM KSHATRIYA: Will the Minister of COMMERCE AND INDUSTRY be pleased to state:

(a) the steps taken by Government to introduce new industrial policy in Gujarat State during the last four years; and

(b) the sectors in which investment has so far been made in the State during the said period, location-wise, together with the amount of investment made in this regard?

THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE AND INDUSTRY (SHRI E.V.K.S. ELANGOVAN); (a) and (b) Under the liberalized industrial policy, decision to set up industry depends upon the commercial judgement of the entrepreneur which, in turn, is also based on the initiatives taken by the State Government by way of providing basic infrastructure facilities and other incentives. Industrial Development is primarily the responsibility of the concerned State Government. The Central Government supports the efforts by providing support/incentives under its various schemes, particularly for development of industrially disadvantageous areas. Under the Growth Centre Scheme, three Growth Centres at Gandhidham, Palanpur and Vagra in Gujarat have been sanctioned. Further, under the Industrial Infrastructure Upgradation Scheme, project proposals in respect of four clusters in Gujarat, namely Chemical Cluster at Vapi, Ankleswar, Ahmedabad and Gem and Jewellery Cluster at Surat have also been approved.

The Sector-wise distribution of investment proposals based on the Industrial Entrepreneur Memoranda (lEMs) filed and Letters of Intent (LOIs)/Direct Indistriai Licences (DILs) issued during the last four years for the State of Gujarat is given in the Statement.

Statement

Sector-wise details of Industrial Investment Proposals for the State of Gujarat for the period from 1.4.2001 to 31.3. 2005

Thrust on leather exports

2368 SHRIMATI N.P. DURGA: Will the Minister of COMMERCE AND INDUSTRY be pleased to state:

(a) why the Ministry has not identified leather as a thrust area for exports inspite of having significant export growth prospects and enormous employment potential;

(b) what is India's share in leather exports in the world;

(c) whether it is a fact that Government has set a export target of 7 billion $ by 2010; and

(d) if so, what action plan does the Ministry have to achieve the target?

THE MINISTER OF STATE IN THE MINISTRY OF COMMERCE AND INDUSTRY (SHRI E.VK.S. ELANGOVAN): (a) The Ministry of Commerce & Industry has identified the leather industry as a Thrust Sector' in view of its export growth prospects and employment potential.

(b) India's share in the global exports of leather and leather products is 2.51%

(c) and (d) No export target for exports of leather products has been fixed for 2010. However, Government is taking steps to implement the indian leather Development Progamme (ILDP), with an outlay of Rs, 400 crore, *inter alia* for technology upgradation, modernization and expansion of the leather industry as well as for infrastructure development and capacity building. Government is also supporting exports of leather products through the Marketing Development Assistance (MDA) Scheme and the Market Access Initiative Scheme.
